

Patient care is our priority despite taking action

GPs are taking action to:

- ✓ Carry on being your family doctor
- ✓ Provide safe care
- ✓ Offer services the community needs
- ✓ Ensure patient confidentiality
- ✓ Referring you for specialist care when needed

You can still:

- ✓ Book appointments
- ✓ Contact your GP practice
- ✓ Get medical advice and treatment
- ✓ Receive urgent care
- ✓ Be referred for specialist care when clinically needed

Sign the petition, support your GP in taking action to protect your practice.

GPs in England

Your medical record. Your rights.

**As your GP, we are
the legal guardians of
your health data**

**Politicians and
commercial
organisations want
access to your
private records**

Your data is under attack.

We are taking action to ensure you have control
over who sees your medical record.

Sign the petition, support
your GP in taking action to
protect your practice.

GPs in England

The clock is ticking on GP care.

Over
1,400
practices gone
since 2015

1 GP per
2,200
patients

1.5 million
appointments
every working day

We are working at dangerous levels.
We are fighting for the resources to see you safely.

Sign the petition, support
your GP in taking action to
protect your practice.
